

To help your adult cat enjoy a happy, healthy life, this preventive care visit includes the following:

Comprehensive physical examination

This head-to-tail examination includes, but is not limited to, temperature, weight, and the evaluation of the following:

- Coat and skin
- Eyes, ears, mouth, teeth, and gums
- Heart, lungs, and abdomen
- Legs and paws

Cost

\$80.00

Chemistry profile and complete blood count (CBC)

A blood chemistry profile, including SDMA*, provides information about your cat's kidneys, liver, and pancreas, as well as other functions of the body, such as blood sugar and hydration. A CBC can identify infection, inflammation, and anemia.

\$119.00

Fecal test

This test checks for intestinal parasites that may live in your cat's gastrointestinal tract. Since they are usually hidden from view, the only way to detect and identify most intestinal parasites is by doing a fecal test.

\$84.00

Regular total cost:

\$283.00

Discounted preventive care bundle: SAVE \$46.41

\$236.50

*SDMA is symmetric dimethylarginine, a helpful biomarker for assessing kidney health.

To help ensure good health as your cat ages,
this preventive care visit includes the following:
